1984  
SUPPLEMENT

## THE BULOVA EXPERIENCE

For nearly 110 years, people have relied on the accuracy and dependability of "Bulova Watch Time." Bulova watches flew with the pioneer pilots and traveled through outerspace with the astronauts. They have orbited planet Earth aboard American satellites, probed the oceans' floors on the wrists of divers, kept time for millions of men and women in every walk of life and nation of the world.

The new Bulova collection previewed in this supplement continues the matchless Bulova tradition of timekeeping and watchmaking excellence. It presents the retailer and his customers with an exciting selection of styles to appeal to all tastes: bold, beautiful, classic, contemporary, elegant, diamond studded, and more. Bulova's two-year warranty program is further assurance of uncompromised excellence.

The Bulova Experience. It's the kind of quality and precision everybody should demand.
